DIANA GHEORGHIU

“You don’t need to be fixed, my queens—it’s the world that needs the fixing.” – Johanna Hedva, Sick Woman Theory, 2020

Her practice navigates the aesthetics of glitch, care, and commodified intimacy in contemporary online spaces. Through performative interfaces and layered visual narratives, she critiques systems of productivity, perfection, and algorithmic normativity. Gheorghiu has exhibited internationally at venues such as Brutus, The Wrong Biennale, Tetem, and Ivan Gallery, and has been supported by the Mondriaan Fund and Stroom Den Haag. She is part of The Hmm’s FYI Talent Program.
